Social Skills Group
The Incredible Flexible You

Angela Bacuyani, MA CCC-SLP and Christina Stevenson, MS CCC-SLP, credentialed speech-language pathologists, will be using the Incredible Flexible You® curriculum to teach social skills to young children with social and communication difficulties in a group setting.

The Incredible Flexible You is an engaging Social Thinking educational series that combines a social learning framework with music and dramatic play activities that appeal to early learners.

This class introduces Michelle Garcia Winner’s Social Thinking model to children ages 4-7. It is designed to help young children create the connections required for social awareness and communication “early and often” and as intuitively as possible. This class will teach Social Thinking Vocabulary terms: Thinking Thoughts and Feeling Feelings, the Group Plan, Thinking With Your Eyes, Body in the Group, and Whole Body Listening.
